Riding a horse.
A gentle giant with kind eyes.
Higher up than I ever would have imagined.
Familiar sights look different from up here.

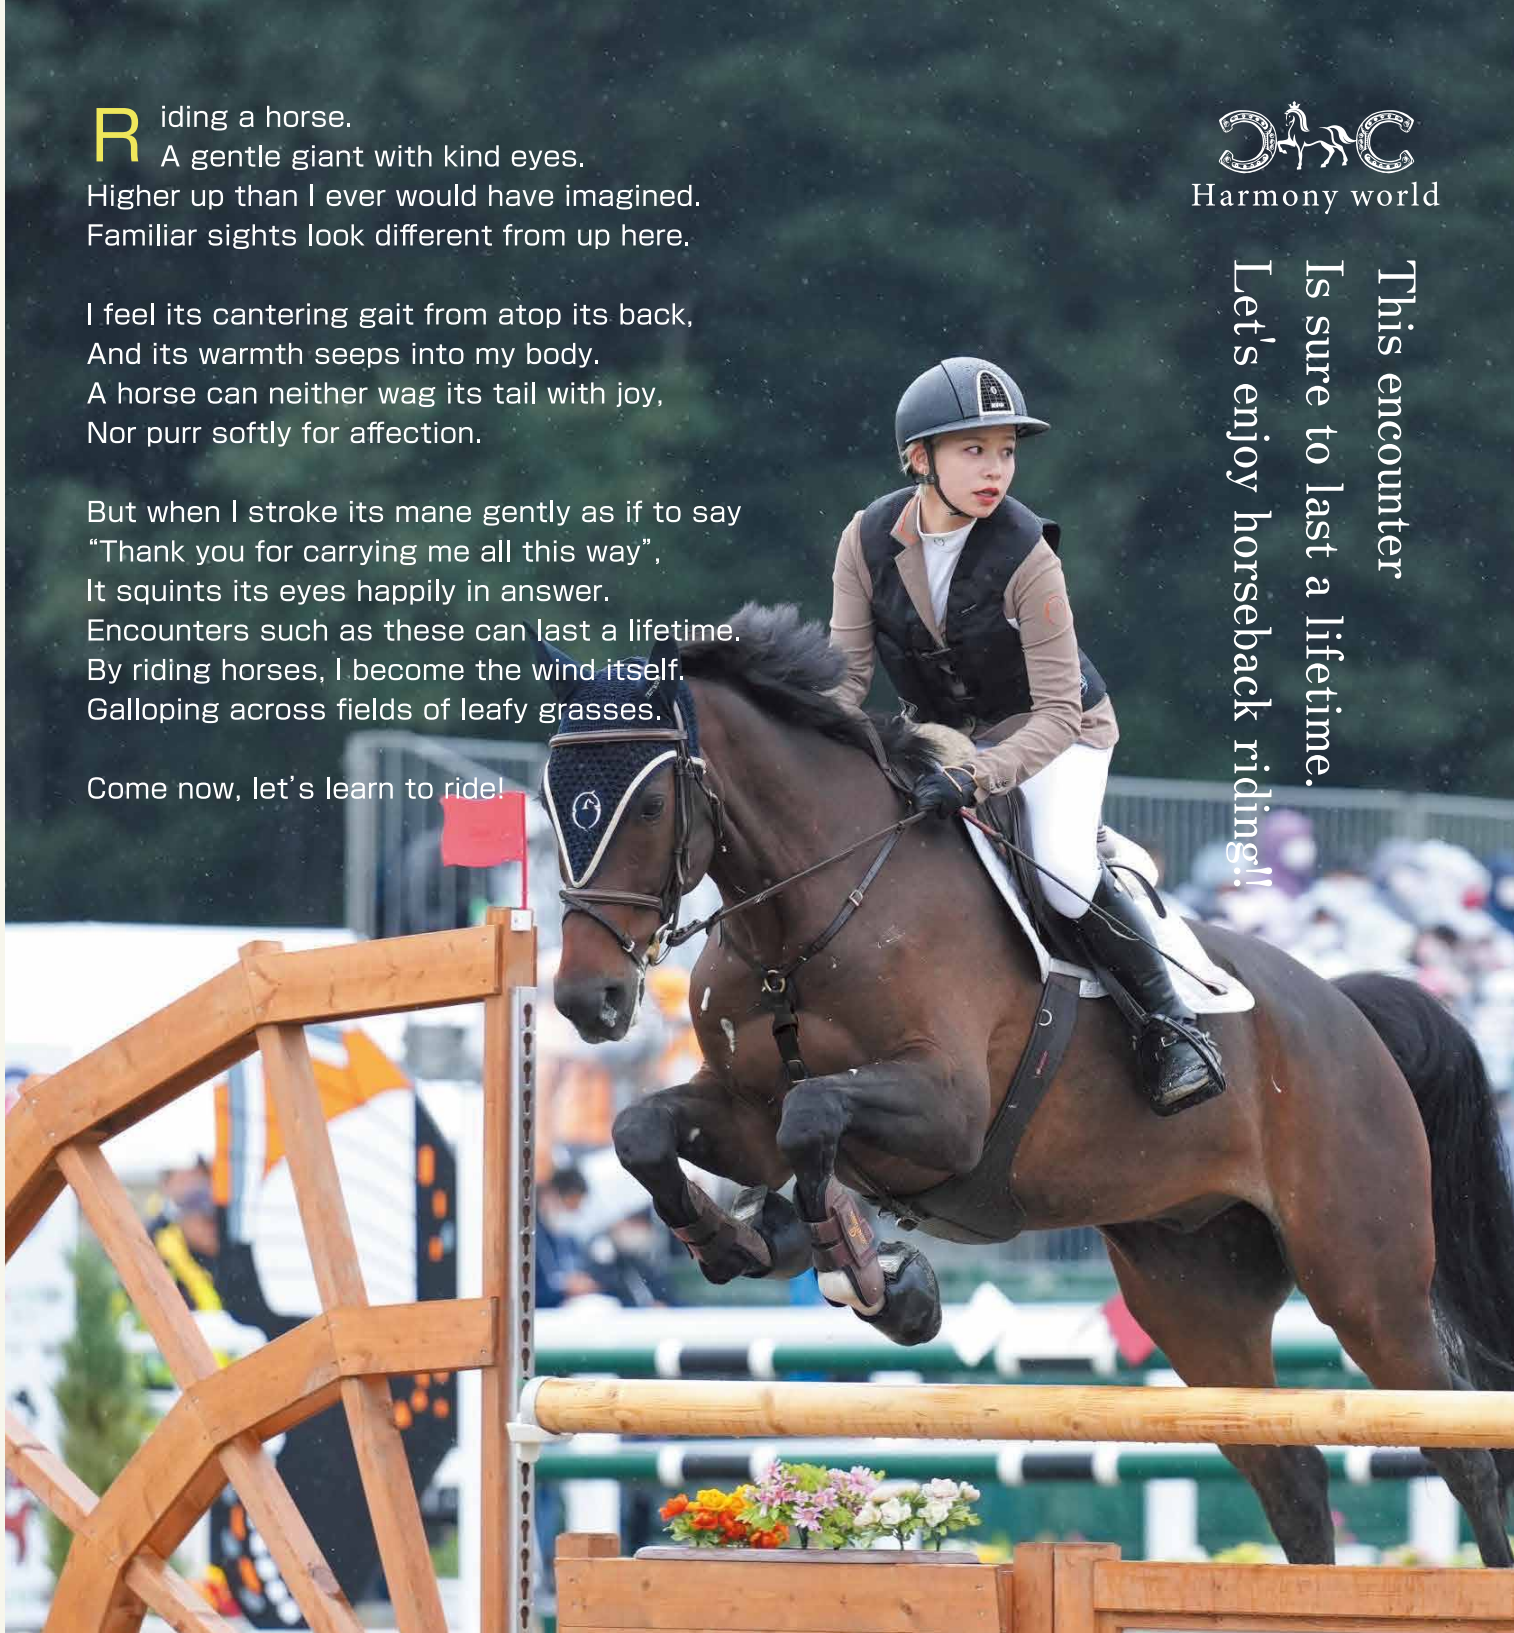

I feel its cantering gait from atop its back,
And its warmth seeps into my body.
A horse can neither wag its tail with joy,
Nor purr softly for affection.

But when I stroke its mane gently as if to say
“Thank you for carrying me all this way”,
It squints its eyes happily in answer.
Encounters such as these can last a lifetime.
By riding horses, I become the wind itself.
Gallop across fields of leafy grasses.

Come now, let's learn to ride!

This encounter
Is sure to last a lifetime.
Let's enjoy horseback riding!!

AWAJI
[淡路] Harmony world

Towards the creation of a society
where humans, animals,
and nature coexist in harmony.

Harmony World is an exclusive equestrian club that encourages both members and visitors to experience horse riding. Not only do we offer lessons with breath-taking oceanic views, but our outdoor riding lessons that allow you to immerse yourself in the natural scenery of Awaji Island are also popular. Additionally, we make various arrangements so that you can participate in competitions casually, and the club also organizes in-house competitive events such as dressage and show jumping.
